

Safety data sheet

Poly peptides

Identification of the substance/mixture and of the company

1. product identifiers:

product name: synthetic peptide
Product type: solid
Other identification types: not available

2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses: Laboratory chemicals, Manufacture of substances for research **only**
Do not use for diagnostical process.

3. Details of the supplier of the safety data sheet

Company: peptides&elephants GmbH
EG, IV.Quadrant
Neuendorfstraße 20b
16761 Hennigsdorf
Telephone: +49 3302 202 2000
Fax: +49 3302 202 2001
E-mail address: lab@peptides.de

Hazards identification

1. Classification of substance or mixture

Not a hazardous substance or mixture according to regulation (EC) No. 1272/2008. 1999/45/EG.

This substance is not classified as dangerous according to directive 67/548/EEC.

POLY PEPTIDE (Synthetically Peptide Hormone Derivates). It is chemically synthesized peptide for invitro scientific research. Not a hazardous substance or mixture according to regulation (EC) No. 1272/2008. 1999/45/EG.

This substance is not classified as dangerous according to directive 67/548/EEC. This substance is not a medical product, it is not subject to medical acts.

The shipper is the manufacturer.

2. Label elements

The product does not need to be labeled in accordance with EC directives or respective nation laws.

3. Other hazards

none
